

Health Guarantee and Contract

Thank you for purchasing a kitten from us. Kittens are born in our house and socialized daily by myself, my husband and our children as they grow! Please read over this guarantee and contract and sign it so we know you understand it completely.

It is Sweet Siamese's responsibility to deliver an all around healthy kitten to you. We have all kittens examined and given their age appropriate shots by a licensed veterinarian. All kittens come with 30 days of FREE health insurance from Trupanion.com use code (Given on actual guarantee) go to the website or call 855-266-2156. ACTIVATE WITHIN 24 HOURS!!! If before kittens first birthday, a licensed veterinarian finds any life threatening, untreatable, genetic health issues with your kitten bought at Sweet Siamese you may return the kitten and Sweet Siamese will replace kitten or refund your purchase price in exchange for that kitten back, including the registration given with that kitten at delivery and all medical records to date. If you decide to keep the kitten, Sweet Siamese will be released of the responsibility of replacing kitten or refunding the purchase price of the kitten. If before kittens first birthday, your kitten passes away due to a life threatening, untreatable, genetic health issue an autopsy/necropsy must be conducted as proof to enforce this guarantee. Sweet Siamese will replace kitten or refund your purchase price in exchange for the autopsy/necropsy report, that kitten's registration given with that kitten at delivery and all medical records to date. Any situation where Sweet Siamese will replace kitten or give a refund, in full or partial, Sweet Siamese reserves the right to have 18 months to do so.

Hypoglycemia (low blood sugar): Kittens must be offered food at least once every two hours. If they do not eat they can become hypoglycemic. Some of the symptoms are weakness, lack of coordination, loss of appetite, pale gums. The best way for me to describe the symptoms is they act like they are "drunk"! If you notice this rub pancake syrup on your kittens tongue and notify your veterinarian immediately! If your kitten has symptoms more than once notify your veterinarian immediately! Illness/death due to hypoglycemia is not covered in this guarantee because any kitten released from Sweet Siamese has not had any issues with hypoglycemia while at Sweet Siamese and so if an issue with hypoglycemia arises after they have left it can not be our responsibility as we have no control over when and how often you feed your kitten. We can only make you aware of the ways to avoid hypoglycemia and it's seriousness!

Lifetime Return Policy: Any cat/kitten purchased from Sweet Siamese may be returned no questions asked and Sweet Siamese may refund some/all of your purchase price or try to place the cat/kitten in another suitable home for you for the purchase price or as close to purchase price as possible.

*******No cat/kitten, bought at Sweet Siamese, is to be resold/rehomed (for ANY reason at ANY time) without notifying me, Wendy Abubakari at Sweet Siamese and I have the option to take/buy (for NO MORE than purchase price) the cat/kitten back*******

Sweet Siamese is not responsible for: shipping charges unless for a kitten that had life threatening, untreatable, genetic health issue; veterinary bills once kitten leaves Sweet Siamese premises; landlord disapproval; allergies; family disagreements; or anything else not written out in this agreement. SO PLEASE HAVE ALL OF THESE WORKED OUT PRIOR TO DEPOSIT! I will, however, always give advice and/or help in any way that I can to ensure the best for my kittens. Breeding and/or show quality is not guaranteed, it is my recommendation that if you are looking to breed or show you purchase your kitten without registration and then at a later time if your kitten is deemed breeder and/or show quality I can send you your kittens registration for the difference of price from No Registration to Registration price.

This guarantee is void if: kitten/cat has not been given shots as directed by a licensed veterinarian, taken care of properly or has been neglected and Sweet Siamese will notify authorities. Please do not expose new kittens to any other animals or people outside of your household until they are current on their shots. If you must expose them to other animals make sure the other animal is current on their shots! This guarantee is your receipt of guarantee and must be submitted to Sweet Siamese along with licensed veterinarian's written findings.

This health guarantee and contract contains the entire agreement between both parties and no promises or statements made by either party that are not contained in this written contract shall be valid or binding. By signing below you, the purchaser, agree that you have read & understand and accept the terms of this contract. Any and all legal action taken will be settled in the county of the breeder. All legal fees will be the responsibility of the losing party. This contract is null and void unless signed by all parties. This health guarantee and contract is offered to the original purchaser only & is not transferable.
